- 3. The individual LC worksheets (tabs) are locked to protect the formulas.
- 4. Fill in only the green sections on **this** worksheet. All fields on the other LC sheets should be filled in automatically
- 5. Worksheets refer to "Adopted budget" (current year) and "Proposed budget" for the year for which the budget is being prepared.
- 6. Refer to the Budget Instructions and Reference Guide when completing all worksheet pages. They contain important information and explanations about the sheets and how they work. DO NOT prepare the budget without reviewing them carefully.

#### Fire District No. 3 Budget

FISCAL YEAR: From January 1, 2013 to December 31, 2013

1. Complete a brief statement on the 2013 proposed Annual Budget and make comparison to the current year's adopted budget. Explain significant increases or decreases, if any.

The total proposed 2013 budget appropriations will increase by \$2,000.00 as compared to the 2012 adopted budget. This increase results a new appropriation for internet service.

2. Complete a brief statement describing the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unreserved Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If unreserved fund balance is reduced by more than 10%, explain the projected impact on the following year's budget.

The amount to be raised by taxation in the proposed budget for 2013 is unchanged from the amount in the 2012 adopted budget and the tax rate will remain at \$0.024. The Fire District will utilize \$6,868.00 of unrestricted fund balance to stabilize taxes. The remaining balance is sufficient for future years.

3. Include a statement explaining how the District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the district to exceed the Levy Cap, and how they are being addressed by a referendum.

The amount to be raised by taxation in the proposed 2013 budget of \$35,071.00 is no change over the 2012 budget amount. Under the Property Tax Levy Cap, the amount to be raised by taxation is limited to a 2% increase over the amount from the prior year; however certain adjustments and cap banks are allowable additions in the calculation. For the 2013 proposed budget, the Fire District has an allowable adjustment for new ratables in the amount of \$51.00 and levy cap banks totaling \$6,471.00; however since the amount to be raised by taxation of \$35,071.00 for the proposed budget is no change over 2012, the 2%, the adjustments nor the cap banks were need to comply with the levy cap.

4. If the District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation
